1. What is your connection or interest in this case? * For example, are you a customer of the Company that is the subject of this pending proceeding? (This section must be completed. Attach additional information if necessary.)

I have been a customer for 20 years and current City Councilperson

2. Please give a concise statement of your protest. * (This section must be completed. Attach additional information if necessary.)

My quality of water has never been worse. I understand pass thru on rates, but when maintenance is not done proactively rather reactively expenses double. this company has been bought and sold so many times I would like to see PSC files as if they (TCWS) have ever completed their requirements. What I'm referring to is having deadlines waived due to transition. This request is a slap in the face, saying to the consumer we will do repairs as a last resort and make you pay dearly.

3. Do you wish to make an appearance at a hearing in this proceeding , if scheduled, and offer sworn testimony? *

yes
